Communication From John T. Collins in Reply to Sidney G. Clay.

To the Democratic Voters of Bourbon County:

In reply to the card of my opponent Mr. Sidney G. Clay, which appeared in yesterday's issue of the Lexington Herald and The Bourbon News, I desire to state I have not accused Mr. Clay of voting for Judge Howard over Judge Mann in 1894. Indeed, I have never at any time during my canvass said aught against Mr. Clay, or his political record, but have endeavored to run the race upon a high plain, and have often said if the Democracy of Bourbon County thought Mr. Clay a better man than I to represent the county that I would cheerfully acquiesce, and I hate, even at this time, to engage in a newspaper controversy, but in justice to myself, I am compelled to reply to charges made in Mr. Clay's card.

I am charged with having voted against Governor Goebel in 1899 and against W. J. Bryan in 1896. Both of these charges are false. I have never voted for a Republican or an independent in either County, State or National elections, and I have never failed to vote the Democratic ticket at any election since I cast my first vote for Grover Cleveland, in 1888.

With reference to the clipping from Gazette of Sept. 14, 1899, signed "A True Democrat," I have only to say that I did not write it, that I had nothing to do with it in any way, and that in fact I never saw it until it appeared in this morning's Herald. Diligent inquiry at North Middletown fails to disclose any one who ever heard of the John Young Brown Club referred to by my opponent in connection with my name.

Among other rumors circulated to prejudice the voters it is charged that I am a banker and in favor of increasing the rate of interest above 6 per cent. Those who will take the pains to inquire will learn that I am, by training, as well as by present occupation, a farmer, besides holding a position in a bank, and as to interest I am strongly opposed to any rate in excess of 6 per cent.

Having been called upon by my opponent to express myself in print, I desire to add that I have always been a temperance man, and, if elected, will support the County Unit Bill. I take this means of soliciting the votes of the people of Bourbon county, as my business duties are such as to prevent my making as close a canvass as I would like.

Very Respectfully,
JOHN T. COLLINS,
October 27, 1908. Paris, Ky.

Married Tuesday: Suicides Wednesday.

Mr. J. W. Hutchison, of near Connersville, Harrison county, and Mrs. Nannie C. Swinford, of Cynthia, came to this city Tuesday, and after securing a marriage license went to the waiting room of Boardman's livery stable where they were united in marriage by Rev. M. T. Chandler, of the Methodist church. They were accompanied to Paris by Mr. Wm. Hammonds, of Scott county, and Mr. Robert Morrison and Mrs. Lizzie Rorer, of Cynthia, the party driving through in buggies. They all returned to Cynthia after the ceremony.

On Wednesday morning Mr. Hutchison returned to this city to consult a lawyer in regard to filing suit for divorce. He claimed he had spent all of Tuesday at the home of Mrs. Swinford, who was very hospitable and that all the parties indulged in drinking and that when the license was issued and the ceremony performed he was so greatly under the influence of liquor that he did not know what he was doing. Mr. Hutchison described his return trip to Cynthia and said that when he awoke Wednesday morning his wife asked him what he was going to do, and he replied: "I am going to get out of here," and dressing himself took the first train for Paris.

Hutchison claimed that Mrs. Swinford had been previously married three times, two of her husbands still living, from whom he presumed she had been divorced.

Mr. Hutchison returned to Cynthia on the noon train Wednesday, and after arriving there he walked into the undertaking establishment of Frisbie & Smith and shot himself through the heart, dying almost instantly.

The deceased was aged about 40 years and a farmer of the Connersville neighborhood, where until the death of his wife he lived. He is survived by two children who are very popular.

A note found in his pocket gives the reason for his suicide: "My troubles are more than I can bear," and asked that he be buried beside his wife in the cemetery.

Ex-Parisians in Fatal Runaway Accident.

In a runaway accident which occurred Monday, three miles out from Winchester, on the Paris pike, several former Paris people were more or less seriously injured, and the vehicle containing Mr. Wm. M. Jones and son, Thomas Jones, of North Middletown, who were returning from Winchester, was run into, overturned and both occupants thrown to the pike, the former suffering a broken leg.

The runaway team was hitched to a surrey and was being driven by Mr. W. C. Schaffer, of Tena Alta, W. Va., who was accompanied by Mrs. M. Bowden and two daughters, Misses Nannie and Willie Bowden. Mr. Schaffer was taken to a Lexington hospital where he died Tuesday night.

Miss Willie Bowden suffered a broken nose and other severe injuries. Miss Nannie Bowden and her mother were not seriously hurt.

Mr. Schaffer was State Secretary of the West Virginia Sunday School Association, his home being at Tena Alta, W. Va. He was 46 years old and had been a guest of the Misses Bowden for about a week. The party was out for a pleasure drive when the team became frightened and ran away. It was a most deplorable accident.

With Which Do You Stand?

In every utterance and every statement made so far Mr. Taft has shown great concern for the welfare of the Trusts and special interests.

He is afraid that the guaranty of bank deposits will be a burden on a few big bankers. That thousands of small depositors may lose everything does not worry him.

He is afraid that a reduction of the tariff may hurt protected industries. He does not worry for the consumer, who bears the burden of the heavy tax.

He is afraid to oppose the trusts, for he considers them a benefit. He does not mind the extortion they practice upon the public.

He is opposed to a jury trial in contempt and injunction cases because the special interests want unfair injunction process continued. The "Father of the Injunction" does not worry because the laborer may not get a square deal.

The Republican candidate believes in an income tax only when the present oppressive means of taxation fail to furnish enough revenue. In other words he believes that the wealthy should not be taxed until the resources of the masses are exhausted. Not a word from Mr. Taft because the masses bear an unjust share of the burden of taxation.

Mr. Taft stands for the favored few and special interests.

Mr. Bryan stand for the people as opposed to the interests.

Mr. Taft stands for plutocracy as opposed to Democracy.

Mr. Bryan stands for equal rights as opposed to special privileges.

With which do you stand?

An Appeal.

If there are any Republicans in Bourbon county who believe that the people should rule, who are opposed to the Presidency being either bought or stolen, who believe the tariff should be revised in the interests of the people, and not at the behests of the protected industries, who believe that when a man deposits his savings in a bank its return to him should be made absolutely certain, who believe that Senators should be elected by the people who believe in equal rights to all and special privileges to none, let them vote the Democratic ticket next Tuesday if they never do it again and have never done it before. They needn't give their names for publication; the ballot is a secret one, and if they believe the Democratic position is right and that the Republican position is wrong they ought to vote their convictions by stamping under the rooster.

Contemptible Politics.

A number of Eastern concerns which employ a large number of men are attempting to coerce them into voting for Taft by issuing notices that if Bryan is elected their shops will close. The Cream Separator Manufacturers at West Chester, Pa., which employs a thousand men, has just posted such notice and practically issued an order for all its employees to march in a coming Taft parade. Commenting on such coercion an exchange truly says that this sort of bribery is more dangerous than the open barter and sale of votes because it is subtler and harder to exterminate. The Democratic party and Mr. Bryan have suffered heavily from it in other campaigns. As a weapon of political warfare, it is peculiarly unfair and contemptible. As an index of commercial sagacity, it is a reaction upon any man's intelligence. The man who thinks that the country will go to the dogs upon Mr. Bryan's election is simply a fool. The man who bases minatory notices to his dependents upon such reasoning should enjoy either a fool's esteem or a bushwhacker's punishment.

If Not, Why?

With \$3,000,000 in their treasury why do the members of the Republican National Committee call for an additional million if it is not their purpose to try to buy the election. That sum of money cannot be used legitimately and they can have no purpose except to use the money corruptly. The election was bought from Bryan in 1896 and the Republicans are now planning to repeat what they did so successfully then. This large corruption fund comes from the beneficiaries of vicious Republican legislation, and if the effort to buy the election succeeds these men who have furnished the money and not the people will rule.

Take Your Choice.

A vote for Taft will be a vote for class legislation; it will be a vote for a system which makes the rich richer and the poor poorer. A vote for Bryan will be a vote against exclusive privileges; a vote against the kind of legislation that protects certain industries and interests at the expense of the great common people. The election of Bryan would be a staggering blow to predatory wealth; it would mean an equal chance for every man.

Well to Remember.

The Democracy of Bourbon county would do well to remember that the vote this year will be the basis of representation in all convention for the next four years. A little extra effort in bringing out the vote might give the county an additional delegate to conventions.

Don't Stay at Home.

There ought not to be any stay-at-home Democratic voters on the third of November. If you think that a change in the administration of public affairs would bring good to the greatest number of people you ought to make it your first duty on the morning of the election to vote the Democratic ticket.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, St. John's wort, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Harvard, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents. Take Hall's Family pills for constipation.

H. Grace, financier of Lodge No. 36, Brotherhood of Railroad Trainmen. Mr. Fuller says the most important part of Judge Taft's labor record is conspicuous by its absence from the President's letter. This he supplies by referring to the decision of Judge Taft in the United States Circuit Court for the Southern District of Ohio, April 30, 1894, declining the petition of employees of the Cincinnati, New Orleans and Texas Pacific road that an order of the receivers reducing wages 10 per cent. be rescinded.

William J. Bryan, after a day of speech-making in New York State, addressed a large gathering in Albany Wednesday night. Former Senator David B. Hill presided and delivered a brief address, it being the first political meeting Mr. Hill has attended for several years. Mr. Hill paid a high tribute to Mr. Bryan and declared that he was right on every contested question of the campaign. Mr. Bryan was accorded a great ovation when he addressed the audience. The up-State tour of Mr. Bryan, despite the rain, attracted immense, cheering crowds, conspicuous for the number of working-men among them. The Democratic candidate exhibits surprising vigor.

Brandenburg Identified.

The American Federationist, the official organ of the American Federation of Labor, in its November issue recognizes Broughton Brandenburg, who was recently arrested at Dayton, O., on the charge of forging the famous Cleveland campaign letter, and says he is the same man who, as agent of the Van Cleave Association of Manufacturers attempted to bribe Samuel Gompers and threatened to destroy his character by publishing a forged letter.

City Without Newspapers.

Bagdad has no newspapers in which it would pay to advertise. There is really but one publication, and that devotes its columns entirely to government notices.

ACT QUICKLY.

Delay Has Been Dangerous in Paris.

Do the right thing at the right time. Act quickly in time of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. Jos. W. Fight, living on W. Pleasant street, Cynthiana, Ky., says: "A man can stand hard work for a long time but in the end it is sure to leave him with weakness. Such was my case and the hard work resulting from blacksmith work weakened my kidneys and I suffered severely when Doan's Kidney Pills were brought to my attention and I procured a box. The beneficial results were noticed from the first, and in a short time they banished every sign of my trouble. (From statement given March 1, 1903.)

CURED TO STAY.

On Feb. 20, 1908, Mrs. Fight said: "My husband was cured through the use of Doan's Kidney Pills and different members of my family have also used them. Mr. Fight has not had a sign of kidney trouble since Doan's Kidney Pills cured him in the year 1903."

Plenty of proof like this from Paris people. Call at J. A. Wilson's drug store and ask what customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Walnut Timber in Abundance.

Dr. A. J. A. Alexander, of Woodburn Farm near Midway, is cutting out one of his beautiful woodlands and has sold about 200,000 feet of walnut timber to different parties. The trees are so thick that they interfere with the growth of the grass and for this reason the owners decided to have them thinned out. The walnut timber on Woodburn Farm has long been coveted by dealers and big prices have been offered for it, but up until now all offers have been refused.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Optimism Spells Success.

Nothing will so completely paralyze the creative power of the mind and body as a dark, gloomy, discouraged mental attitude. No great creative work can be done by a man who is not an optimist.—Success.

Dishonest Heroines.

The steady increase of crime among stage heroines is beginning to get serious. It used to be the men who did all, or most of the dreadful things in plays—I mean the picking and stealing, the forging and embezzling, and offenses of that kind. Now it is the women—and it is all the fault of the late Henrik Ibsen. Heaven rest his soul, notwithstanding.—M. A. P.

Flour Buried During Civil War.

While the grading of Main street, Manassas, Va., was in progress recently the workmen discovered that their picks went to a depth that indicated a subterranean cavity. Upon investigation it was discovered that a trench to the depth of three feet had been dug and a number of barrels of flour put therein and concealed from the enemy on the evacuation of Manassas by the confederate troops. A large quantity of barrel staves and a white substance resembling decayed flour were exhumed.

Why Alex Wept.

Alexander had just cut the Gordian knot, but the reporters failed to take interest. "It's hardly worth a paragraph," they said, coldly, "unless you make a record of at least 24 knots an hour." It was then that Alexander's tears began to flow.—Kansas City Times.

Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

LIVE STOCK AND CROP NOTES

—F.M. Gillispie purchased the following cattle: From James Taylor, 12 head; from M. S. Evans, 5 head; from Mrs. A. Stewart—head; weight about 1,150 pounds; prices 4 and 41-2 cents.

—Bourbon Bell, a three-year-old chestnut mare by Bourbon Chief, out of a mare by Wilson's King, was sold at Lexington Friday for \$1,300 by Mr. Thomas Triplett to Mr. W. G. Shropshire, of Winchester.

—More than 100,000 ears of prize corn will be exhibited in Omaha, Neb., at the corn exposition in December for the world's prize. The highest prize which will be won on corn will be \$1,000 in cash for the best ten ears of corn in the world and with this will go the champion premier trophy offered by the Mexican government of the world's best ten ears of corn. This trophy is a reproduction of a famous statue of an Aztec chief and worth \$1,500.

—Old Mexico holds the record for the biggest live stock farm in the world. Think of a farm 150 by 200 miles and you have the size of that belonging to Don Luis Terrazas, in the state of Chihuahua, Mexico, which embraces a \$8,000,000 acres. We are told that on its vast prairie, mountain slopes and foothills there range 1,000,000 head of cattle, 700,000 sheep and over 100,000 horses. The farm house is described as being the most magnificent in the world, for it cost almost \$1,600,000 to build, and is more richly furnished than many a royal palace. On the homestead alone are employed 100 male servants.

The Bachelors' Excuses.

At a wedding breakfast the bachelors were called upon to give their reasons for remaining single. The following were among the reasons given: "I am like the frog in the fable who, though he loved the water, would not jump into the well because he could not jump out again."

"I am too selfish and honest enough to admit it."

"I prefer, on the one hand, liberty, refreshing sleep, the opera, midnight suppers, quiet seclusion, dreams, cigars, a bank account and club to, on the other hand, disturbed rest, cold meat, baby linen, soothing sirup, rocking horses, bread pudding and empty pockets."

"I have a twin brother, and we have never had a secret from one another. He is married."

Suspicious.

A man entered a Tenderloin drug store the other day and asked for a telephone, says the New York Tribune. He was evidently from out of town. "Do I pay you first or afterward?" he asked the clerk when the instrument in question was pointed out to him. "You call your number and then put your dime in the slot," snapped the clerk. The stranger was suspicious. "In that hole there?" he asked, looking all around the telephone and fingering the slot dubiously. "Yes." "I guess not," said he, turning away, with decision. "I ain't lookin' fer no savin' bank."

Saw Him With Her Own Eyes.

"It is too bad," said Mrs. Oldcastle, "that our curate seems likely to be a valetudinarian all his life." "Why, he ain't, is he?" replied her hostess as she toyed with her diamond studded lorgnette. "I'm almost sure I seen him eatin' beefsteak at the dinner in the parish house night before last." —Chicago Record-Herald.

Followed Copy.

Father (to little son returning from horseback ride)—Got a fall, did you? Well, I hope you didn't cry like a baby. Son—No, dad, I didn't cry. I just said one word—the same as you'd have said.—Punch.

Another Authority.

Mr. Howe—I suppose you have studied all the authorities on social and economic questions? Mr. Wise—Not quite all. My daughter's graduation essay is not out yet.—Life.

A Paradox.

"Since Footlight inherited a fortune he is a paradox." "What's the answer?" "He is both the richest and poorest actor on the stage."

RUST PROOF BEARDED SEED WHEAT FOR SALE

I have a quantity of this seed wheat for sale. This wheat is clean of cockle and smut and is nearer rust proof than any wheat I have even seen. This is its second year in this county. Much larger yielder per acre than the smooth head varieties. The straw stands up well and is a fine produce on ordinary ground. Write or call me by E. T. phone 683. Price \$1.25 per bushel. ALFRED CLAY, R. F. D. No. 1, Paris, Ky.

Old Officers Re-elected.

At the closing meeting of the Daughters of the American Revolution Friday afternoon at Lexington, the officers for the current year were re-elected without opposition, the question of precedent and similar questions being eliminated by separate votes before the vote for election of officers begun. Mrs. Sarah Gibson Humphreys Chennault, of Lexington, a member of Boonesboro Chapter of Boonesboro Chapter, of Richmond, was re-elected State Regent; Mrs. F. B. Walcott, of Covington, State Vice Regent; Mrs. William H. Thompson, of Lexington, State Secretary; Mrs. Wilson Escott, of Shelbyville, State Treasurer; Mrs. W. C. Roberts, of Danville, State Historian.

Why James Lee Got Well.

Everybody in Zanesville, O., knows Mrs. Mary Lee, of Rural Route 8. She writes "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Oberdorfer's drug store. 50 cents and \$1.00. Trial bottle free.

The Shillalah.

The Irishman's bludgeon is called the shillalah (or shillelagh), because it was generally cut from a wood of that name near Arklow, famous for its oaks and blackthorns.

Interesting to Bankers.

During the year ending June, 1907, the Federal treasury deposited more than \$100,000,000 in National banks. The Standard Oil bank in New York city and the two principal banks dominated by J. Pierpont Morgan received about 80 per cent of those deposits, and all other banks in the United States got 20 per cent. When the small banker hears arguments from Republican sources setting forth that party's solicitude for the banker, it might be well to remember the figures herein set forth; they are from the official reports at Washington. They are exceedingly interesting to bankers as well as to others.

For Chronic Diarrhoea.

"While in the army in 1863, I was taken with chronic diarrhoea," says George M. Felton, of South Gibson, Pa. "I have since tried many remedies but without any permanent relief until Mr. A. W. Miles of this place persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, 1 bottle of which stopped it at once." For sale by W. T. Brooks. You need no other guarantee. oct

Discovered What the Noise Was.

While returning from work at Blairs Mills, Franklin county, Pa., Barney Wise, hearing a noise in the creek below Harris' tannery, paid no attention, thinking it was a cow. The noise turned out to be a large bear and it came out of the bushes into the road about ten feet in front of Mr. Wise. Barney is a noted pedestrian, but that evening he broke his record and was home before his wife had supper ready. The bear continued on his journey up Horse valley.

Why Colds are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large portion of the world. For sale by W. T. Brooks. You need no other guarantee. oct

Social Tea and Benefit Sale.

The sewing club, whose membership is made up of ladies from all our churches, has hit upon a happy plan to express its good will toward the latest enterprise in our city, the erection of the new Baptist church. On the afternoon of Oct. 31, from two to five p. m., at the home of Mrs. J. Frank Clay on Pleasant street, they will have a social tea and sale of delicious edibles, donated by some of Bourbon's best housekeepers. A small admission fee of 10 cents will be asked at the door. A most cordial invitation is extended to all. Come and help us to realize a handsome donation for the ladies of the Baptist church.

Court Day Dinner.

The ladies of the Episcopal church will serve dinner in the basement of the court house, on Monday, Nov. 2, county court day, from 11:30 a. m. to 1:30 p. m. Everything that the market affords will be on the menu that the ladies of the church will offer and they will make an effort to eclipse their court day dinner of last April when so many compliments were bestowed upon them for the quantity and quality of their noon-day meals.

Ask for Separate Presbyteries.

The Presbyterian Synod, in session at Frankfort Wednesday received a communication from negro pastors of the State requesting Presbyteries for the colored ministers of Kentucky.

This request is a new departure in Kentucky, but a year ago the laws governing the Presbyterian church were amended as to make two Presbyteries in one locality possible, the divisions being made for the benefit of the negro race.

An argument advanced in favor of such a system is that the negroes themselves know better the conditions of their race and can better understand how to deal with their race from a religious point of view.

State Fire Marshal's Report.

Notwithstanding that in a recent speech made by Governor Wilson, in which he said the night riders organization in Kentucky included a membership of 33,000 with fire brands ready to destroy property, the complete report of Fire Marshal W. F. Nickirk shows that the property loss during this year is but little greater than that of previous years.

The total amount of value of the property involved in fires was \$6,514,770. The total insurance thereon was \$3,832,557, and the total loss to the insurance companies was \$753,120.

There was altogether a total of 1,579 fires, of which 1,047 were frame and 508 brick or stone, and 24 buildings of other material. The greatest property loss was in Jefferson county, where there was nearly a half million dollars paid out by the insurance companies and loss by property holders.

Kenton county's loss was comparatively small despite the fact that it contains the second city in the State in population, but Fayette county's loss runs up to \$200,000.

Of the known causes of the fire defective flues wrought the greatest damage, causing 240 fires, while sparks from chimneys, causing 149 fires, was second. There were more than 315 fires the cause of which was unknown.

Although the dark tobacco district and the burley tobacco district is alleged to have been terrorized by the night riders, only 37 fires are reported of incendiary origin. The property loss involved in incendiary fires was \$162,443, of which there was \$44,800 insurance, so that the loss above the insurance was \$24,230.

THEATRICAL.

—Paris audiences have no doubt witnessed a great many novelties in the way of theatrical, but never before have they had the opportunity of seeing quite as big a novelty as that of Miss Marie Dockman, the little lady who styles herself as "The Girl With the Chair." at the Grand the last half of this week. The graceful manner in which she performs all kinds of dancing and graceful contortions while holding a heavy chair in her teeth is nothing short of wonderful, and must be seen to be appreciated. She is ably assisted by Mr. F. Palmer, late of the Edison Phonograph Company, where he gained a big reputation making records that have been reproduced all over the country. Mr. Palmer's voice is strong and sweet and his rendition of "Woodland" last night was greeted with a storm of applause.

Miss Grace Fenard, late of "Mrs. Wiggs of the Cabbage Patch," Co. She was one of the features of the evening in a character monologue, her jokes being new and original and of a higher class than used by most Monologuists, and finished with a typical song, "Poor Old Girl" won uproarious applause of the audience.

Tonight the management expects to treat their patrons to something new in the way of moving pictures. They will have the latest invention—the talking moving picture machine—something that has never been seen in this city before. The machine will be received from Cincinnati today and will be installed for this evening's performance. Those who have never seen pictures reproduced by this wonderful invention should avail themselves of this opportunity as the machine will not be a permanent addition.

McGrathian Dispersal Sale.

The result of the two first days of the dispersal sale of McGrathiana stud by Col. Milton Young is as follows: Up to Wednesday evening 239 head had been sold for \$48,420, an average of more than \$202 per head. Nearly one-half the stock listed is yet to be sold.

Accused Murderer Known Here.

Farris Simpson, a barber, who is well known in Paris having worked in Cahal Bros' barber shop, was arrested at Harrodsburg Thursday morning by Covington officers, who charge him with the murder of Scipio Noble of Jackson, Breathitt county, whose body was found near Covington Saturday. Simpson will be taken back to Covington at once. Simpson did not have a very good name here on account of whipping his wife on several occasions while here.

To Prevent Rust.

Before storing knives oil them carefully and wrap them in paper to keep them from rusting.

Democrats Grow Optimistic.

The Democrats at the national headquarters at Chicago grow more optimistic as the election day draws near. Bryan continues to gain heavily in every State. Even Iowa is now considered in the doubtful list. Ohio and Indiana are now beyond purchase and New York reports say Bryan will carry the Empire State.

Old Hospital Sold.

Prominent colored Methodist from all over the country have verbally closed a deal with the owners of the Good Samaritan Hospital building at Lexington for the purpose of turning it into a school patterned after Booker Washington's Tuskegee institution.

Special Registration.

The Democrats lead with a good majority on the special registration days, which were Monday, Tuesday and Wednesday, viz.: Democrats, 1:0; Republicans, 22; Independents, 3. With 155 majority on regular registration day, this gives the Democrats 253 majority in the city.

Watch Out For Them.

Some weeks ago a lady went to Danville representing herself as saleslady and advertising agent for a large New York silk house. She carried an elaborate line of samples and made enticing prices. Fine silks that retail at big prices were offered as low as 25 cents per yard. A number of Danville ladies bought heavily, paid in advance for the goods which were never delivered and never will be. Some days later an upholstering man came along gathering up furniture which he proposed to do over. He took the furniture but has never shown up and many are anxiously awaiting his return. The moral of these experiences is that the citizens of every town should deal with their home people who they know are responsible.

RELIGIOUS.

—Rev. M. T. Chandler will fill his pulpit at the Methodist church Sunday morning. His subject will be "The New Birth," John, 3 chapter, 7th verse. In the evening Mr. Chandler and congregation will worship with Dr. Shive at the Second Presbyterian church.

—Rev. Dr. B. M. Shive will fill his pulpit at the Second Presbyterian church at both morning and evening services on Sunday next.

Kern Hitting Hard.

In a speech Tuesday at Tipton, Ind., John W. Kern, the Democratic vice presidential nominee made the specific charge "that \$100,000 of money, largely contributed by trusts and combines, was brought into Indiana last Sunday and passed through the hands of the Hon. Fred Sims, secretary of the State Board of Commissions."

Foot Ball.

The Paris Athletic Club foot ball team played Cynthiana on the local grounds yesterday afternoon and when time was called at the end of the second half there was a score of 0 to 0.

The local boys averaged about 15 pounds per man lighter than the visitors and were greatly handicapped by several of their regular players being out of the line-up but played a fast, plucky game and succeeded in keeping the ball in their possession and in Cynthiana's territory the greater part of the time and would have scored in the second half had it not been for a costly fumble. The line-up was as follows:

Paris.—Wyatt re, Gillispie rt, Ransom rg, Boardman c, Booth lg, Thomson lt, Smithle, Bell q, Holt rh, Ewalt lf, Adair full.
Cynthiana.—Smiser re, King rt, H. Whitaker rg, Taylor c, J. D. Whitaker lg, Wilson lt, McVain le, Lail q, Hart rh, Martin lh, Cook full.
Final score 0 to 0. Time of halves, 15 minutes. Referee Elgin. Umpire, Brown. Timekeeper, Mitchell.

The members of the Paris Athletic Club foot ball team desire to thank Mayor Jas. O'Brien for the encouragement and the interest he has taken in their games as well as furnish officers to keep the crowds off the playing field.

Not So Particular Then.

At the age of 16 a girl figures on marrying a Percival or a Reginald, but at the age of 26 she is willing to marry a Bill or a Tom.

A Monday Morning Thought.

How large the clothespin industry really is may be gathered from the fact that no less than 1,260,000 five gross boxes are manufactured every year in the United States.

Big Taft Meeting.

William H. Taft and Charles E. Hughes were the attractions at a great Republican mass meeting at Madison Square Garden, New York, Wednesday night. When Gov. Hughes entered the hall the crowd cheered him for sixteen minutes. Later when Mr. Taft appeared he was cheered for nineteen minutes.
